

MICRONEEDLING

This advanced look-and-learn class is for professionals already trained in microneedling who want to enhance their results using Quannessence Skincare. Learn how to integrate our high-performance serums and post-care products into your microneedling treatments to boost outcomes, support skin recovery, and address key concerns like aging, hydration, and pigmentation. No specific device is promoted - just proven, professional-grade skincare to elevate your practice.

Note: This class is demonstration only (non-hands-on). For a practical, hands-on experience, please inquire about our advanced training options.
