This advanced, hands-on workshop will teach participants the essential techniques for correcting discoloration, neutralizing undertones, and achieving a flawless complexion. Participants will also master the art of sculpting and enhancing facial features using strategic contouring and highlighting methods. Learn how to customize your approach for various skin tones, face shapes, and textures while gaining insider tips from industry experts. Whether you're looking to perfect your skills for clients, photoshoots, or special events, this class will give you the confidence and expertise to create beautifully balanced, camera-ready looks.
