

Power Series Treatments

Unlock the future of regenerative skincare with an immersive deep dive into HydroPeptide's latest **clinical-grade, age-defying treatments**. This course is designed for skincare professionals want to provide both rigorous scientific results and deeply restorative client experiences. We bridge the gap between the treatment room and the home regimen, teaching you how to create a "results-loop" that ensures client loyalty and visible skin transformation.

Key Learning Pillars:

- **The Six-Targeted Outcome Framework:** Master the specialized protocols designed to hit six distinct clinical markers—from cellular detoxification to advanced lifting and firming—in every single treatment.
- **The Art of the High-Conversion Consultation:** Move beyond the basic intake form. Learn to perform a diagnostic consultation that identifies "hidden" skin stressors and establishes you as a skincare coach, not just a service provider.
- **Precision Customization:** Learn to "bio-hack" your treatments. We will teach you how to adjust active ingredient concentrations and layering techniques to meet the unique physiological needs of every client.
- **The Home-Care Coaching Model:** Transform retail from a "sales pitch" into essential "post-treatment coaching." Master the language of home-care integration to ensure your clinical work is supported 24/7 by the client's daily routine.

STEP INTO THE ROLE OF A SKIN-HEALTH AUTHORITY, EQUIPPED TO DELIVER UNMATCHED, UPLIFTING EXPERIENCES THAT YIELD A CONSISTENT, AGE-DEFYING ROI FOR YOUR BUSINESS.

YOUR CERTIFICATION INCLUDES:

- Certificate of Completion
- Detailed Professional Reference Manual
- Ready-to-Use Client Service Waivers
- LUNCH WILL BE PROVIDED

Cost: \$150 + tax
