

DERMAPLANING CERTIFICATION

**CANS AGM
NOV 2022**

Learn and master the technique of Dermaplaning. This is a one-day certification for estheticians. Dermaplaning is a safe, effective, intensive and non-invasive form of exfoliation that can be performed as a stand-alone service or as a compliment to facial services. In this class, you will learn how to perform two different dermaplaning operations for a customized client experience, how to pair dermaplaning up with other services including masks and chemical peels, contraindications, and business building technique.
