

United Sign in partnership with Simplicity Designs (and with support of BMI Ltd.) has pivoted its business to help serve our community by producing face shields for medical professionals. Protecting the frontline of our dedicated healthcare workers is at an all-time high, and we're doing our part to ensure the safety of these heroes and those who are seeking medical attention.

\$287.50 PLUS TAXES, SHIPPING AND HANDLING FEES
(MUST BE PURCHASED WITH A SIGNAGE ITEM)

The Open Source Face Shield was designed by Uriel Eisen, Andrew Eisen, Vadim Gordin, and Callii Capuzzo as part of the Open Face PPE Project in collaboration with the NYU COVID-19 Task Force and many others.

In response to the recent updates of COVID-19 and the impact it has had on the shortages of medical supplies, United Sign is proud to #fightforthe frontline of the healthcare community with alternative Protective Face Shields.

- One size fits all
- Splash protection eyewear
- Lexan forehead band with adjustable elastic headband
- Clear with full peripheral vision
- Non-Sterile

REFERENCES

"As of 3/24, Sinai BioDesign (Mount Sinai Hospital System, NYC) has been testing and validating basic clinical functionality of these devices with success"

CLEANING

CDC recommendation for reprocessing eye protection

For single use disposable face shields, consider:

- While wearing gloves, carefully wipe the inside, followed by the outside of the face shield or goggles using a clean cloth saturated with neutral detergent solution or cleaner wipe.
- Carefully wipe the outside of the face shield or goggles using a wipe or clean cloth saturated with EPA-registered hospital disinfectant solution.
- Wipe the outside of face shield or goggles with clean water or alcohol to remove residue.
- Fully dry (air dry or use clean absorbent towels).
- Remove gloves and perform hand hygiene.
